"How to Build, Grow and Sustain a Therapeutic Music Program in your area."

The morning session of July 31st will feature a presentation by Barbara Lepke Sims, CMP and Healing Arts Music Coordinator, on "How to Build, Grow and Sustain a Therapeutic Music Program" in your city. There will also be a panel of speakers featuring administrators from local hospitals and successful CMPs who will present their thoughts and be eager to answer your questions.

The afternoon session will feature a variety of topics from repertoire sharing, to how to utilize therapeutic music to draw a patient into an organic/natural worshipful experience. Please be prepared to bring some of your favorite repertoire pieces to share with each other for the repertoire session.

Please list any questions you might have for the morning panel on "How to Build, Grow and Sustain a Therapeutic Music Program in your area." Let us know of topics that you would like covered in the afternoon session. We hope to "meet your need" and help and inspire you in your faithfulness to God's calling to ministering to patients or others in need.

2 Corinthians 1:4 *He comforts us in all our troubles so that we can comfort others. When they are troubled, we will be able to give them the same comfort God has given us.*
